COMMENCEMENT ISSUE

HIGH SCHOOL TRUSTEES DECIDE IN FAVOR OF LARGEST AUDITORIUM AVAILABLE

The adjourned meeting of the Board of Trustees of the High School which was held in one of the class rooms of the school Tuesday evening at 7:30 o'clock, drew an audience of about one hundred men and women. The purpose of the meeting was the consideration of the question where the graduation exercises of the High School should be held, opposition to the use of the First Methodist church (selected by a majority vote of the graduating class) having been expressed to the Board at a previous meeting by Father James O'Neill and a delegation of members of the Holy Family Catholic Church.

It was practically a hearing for arguments pro and con, which lasted until about 10 o'clock when, the majority of those present having voted in favor of the Methodist church, they adjourned and the Board went into executive session to make its decision which has since been reported to this paper by Dr. A. L. Bryant, Secretary of the Board, viz.: "to use the largest auditorium available" or, in other words, the Methodist church.

The open meeting was called to order by President C. W. Young, with Trustees Claude Pulliam, Dan Campbell, Dr. A. L. Bryant and Hartley Shaw in attendance, and the minutes of the previous meeting were read by Secretary Bryant. He also read a letter which County Counsel Hill had addressed to Trustee Hartley Shaw, under date of May 14th, 1918, rendering an opinion on the controversy in question, viz.: that Sec. 8, Article 9 of the Constitution of California provides that no public money shall be appropriated for the support of any sectarian or denominational school or for the teaching of any sectarian doctrines in the public schools, that the use of a church building for graduating exercises can in no sense be construed as an appropriation of public money for the support of a sectarian or denominational school or for the teaching of any sectarian doctrine. He cited cases in Illinois, Kentucky and Tennessee courts in which it was held that a church building could be leased or used for public school purposes when it became necessary, without impairing the right to public school funds, and also quoted an identical case in Wisconsin where the Supreme Court held that the holding of graduating exercises in a church is not giving sectarian instruction within the intent and meaning of the constitution. The opinion ended with the statement that from the above it seemed proper to conclude that the use of a church building for the holding of commencement exercises is not a violation of the state constitution.

In commenting on this decision President Young said:

"We feel as far as legality is concerned that the matter is settled and we have a right to hold the exercises any place we see fit. We are willing, however, to hear from anybody and to do the right thing and the fair and square thing."

President Young then called for an expression of opinion and Mr.

IN DANGER ZONE

SERGEANT HUGH B. FREEMAN WRITES OF THE REAL THING ON THE FRENCH FRONT

The many friends of Sergeant Hugh B. Freeman will be greatly interested in the following letter addressed to relatives here who have kindly consented that it shall be published in this paper.

On Active Service with the American Expeditionary Force

April 13, 1918

Dear Bro. Handford:

Received your letter of March 11th. We are beginning to get our mail on time and regularly now. Believe me it helps out a lot too. Mail is worth more than money these days.

We're having some wonderful weather now and things are beginning to liven up. Yesterday I was up working in plain sight of the Germans. It was cloudy early in the morning when we went out, but it cleared up and we were out there filling up shell holes in the road right in front of them. Gee, boy, I just listened all day for the screech of a shell coming over but it didn't come, for a wonder. Our own batteries were firing in back of us. We could hear the shells pass over our heads and see them explode over in the German lines. We didn't do much work. There was too much going

(Continued on Page 2)

A CITY CHARTER

SOME GENERAL INFORMATION FOR THE PEOPLE OF GLENDALE

Inasmuch as the City Attorney was instructed at the last meeting of the Glendale City Council to prepare preliminary proceedings to start the movement for a city charter, and it is a matter of vital interest to the people, City Manager Watson has given the following general information relating to the subject:

"I think our people all understand that we are operating under a general law as a city of the sixth class. A charter for a city of the sixth class under the provisions of the general law, could be made to contain all the fundamentals of modern city government as set forth in the most modern city charters.

"Glendale has outgrown some of the provisions of the sixth class city, especially as regards the detail matters of city organization, and these matters could be more clearly defined and set forth in a charter. As the city has grown very rapidly during the past few years and new functions of city government have been added, it has been necessary to extend our organization to provide for the carrying on of those various functions. While the organization we now have is no doubt permissible under the law, it would be much better if a definite organization were perfected and embodied in a charter which would then become the State law for this city, as regards our own special organization.

"A charter would give us an individuality not to be obtained under a general law and could be made more elastic.

"The reason the matter has been taken up at this time is that any charter adopted by the City of Glendale would have to be confirmed by the State Legislature before it could be put in operation and if it is not prepared and adopted to be presented to the next legislature, it would be delayed for two years longer, which would make it almost three years before the charter could be put in operation.

"The preparation of a charter requires a board of fifteen freeholders who are elected by the people and who, after due consideration, adopt a charter which is then submitted to the people. If accepted by a majority vote it is then referred to the State Legislature to be ratified by that body if it is found to be in harmony with the State constitution. When ratified it becomes effective on the date set forth in the charter and prior to that time an election for the elective offices provided for in the charter has been held.

"Some of the most modern char-

HONOR BRIDE-TO-BE

One of the most charming social affairs of recent date was the shower given by Mrs. C. O. Pulliam in honor of Miss Eulalia Richardson and Shives Mitchell, who are soon to wed.

The rooms thrown open to the guests were decorated with a wonderful profusion of beautiful roses, one room being all in pink and one in red, while in the dining room the center of the table was banked with exquisite white ones. Games had been planned in keeping with the nature of the affair and Mr. Mitchell and Miss Duncan won prizes for drawing the best floor plan for a house. In a bridal flower game, Mrs. George Mitchell, Jr., won the prize.

Refreshments, delicious and daintily served, were in keeping with the bride's well-known attitude toward the food administration. When the guests were seated at the table it was discovered that the bank of roses used as a centerpice was in reality a camouflage for a pile of daintily wrapped towels, gifts for the bride to be.

Those present were Miss Bowen, Mrs. Duncan, Mr. and Mrs. George Mitchell, Jr., Misses Lorraine and Barbara Mitchell, Mr. and Mrs. John Allen Legge, Mrs. E. W. Richardson, Dr. Luccock, Dr. Stone, Paul Richardson, the guests of honor, Miss Richardson and Mr. Mitchell, Mr. and Mrs. Pulliam and Miss Myrtle Pulliam.

BOYS GO TO RIFLE RANGE

Four of the big red passenger cars of the Pacific Electric Company bearing the San Pedro sign and loaded with soldiers, passed through Glendale about 5 p. m. Tuesday evening. The boys in khaki were en route to the government rifle range northeast of the city, where they expect to camp and practice for about a week. Many of them were seen on the streets in the evening. Some of them aer Glendale boys, and all are welcome.

TO WEED OUT LOAFERS

GENERAL CROWDER OUTLINING PLANS TO MOBILIZE DEFERRED CLASS MEN FOR WAR WORK

(Special Service to Glendale Evening News)

WASHINGTON, May 15.—Plans to mobilize thousands of deferred class men for war work are being framed today by Provost Marshal General Crowder. He proposes to weed out the loafers who are hiding behind women's skirts through dependency claims, and letting them choose between the army and war work.

He also proposes to transfer to war tasks men now engaged in unnecessary industries or in positions women can fill.

The plan will be submitted to Secretary Baker.

PRESIDENT THREATENS CONGRESS

WILL REGARD PASSAGE OF CHAMBERLAIN RESOLUTION AS "DIRECT VOTE OF LACK OF CONFIDENCE"

(Special Service to Glendale Evening News)

WASHINGTON, May 15.—President Wilson today notified Congress that he will regard the passage of the Chamberlain resolution empowering the Senate Military Affairs committee to investigate the War department as a "direct vote of lack of confidence" in him and an attempt to take the conduct of the war out of his hands.

This was expressed in a letter to Senator Martin, who read it before the Audit and Control committee which is scheduled to act on the resolution today, and to a hastily called democratic conference.

Wilson's demand for a showdown on this measure shows he intends to fight out now the question of further attempts of Congress to take a hand in war work.

MRS. TOWNSEND SUES FOR INSURANCE

FILES SUIT AGAINST NEW YORK COMPANY TO RECOVER DAMAGES FOR STOLEN EARRINGS

(Special Service to Glendale Evening News)

LOS ANGELES, May 15.—A pair of $1000 earrings stolen from the residence of Mrs. Lorenzo W. Townsend, 507 N. Brand boulevard, Glendale, was the cause of a suit filed today by Mrs. Townsend against the Fidelity and Casualty Company of New York.

Mrs. Townsend seeks to recover $1000 damages on a burglar insurance policy.

LONG CASUALTY LIST

THIRTY-NINE NEW ENGLAND TROOPS MISSING IN ACTION —THREE KILLED IN ACTION—MANY WOUNDED

(Special Service to Glendale Evening News)

WASHINGTON, May 15.—Today's casualty list is the longest General Pershing has yet announced.

The list includes thirty-nine New England troops missing in action, three killed in action, three dead of wounds, five dead of disease, one accidentally killed, seven dead from other causes, six seriously wounded and twenty-four slightly wounded.

ACTIVITY NEAR MONTDIDIER

FRENCH MAKE SLIGHT GAIN SOUTH OF HAILLES AND HOLD POSITION UNDER ENEMY FIRE

(Special Service to Glendale Evening News)

PARIS, May 15.—Violent artillery activity is reported north of Montdidier and between Montdidier and Noyon. The French captured the wood south of Hailles, and are holding it in spite of sharp counter attacks.

An enemy attack south of Rollet failed. A German attack north of Kemmell was beaten back.

FRENCH RELIEF COMMITTEE ENTERTAINED

Tuesday morning at nine o'clock, ten of the members of the French Relief Committee of the Thursday Afternoon Club and Mrs. Hartley Shaw were present at the Chamber of Commerce to sort the packages of food received for the French Relief ship.

Mr. Guittard worked very bravely among eleven of the fair sex, lending his assistance in every way possible.

After the packing was finished, Robinson Bros. very kindly furnished transportation to the French Relief headquarters at 224 South Hill street. When the committee had waved Godspeed to the heavily loaded van, Mr. Guittard invited the committee to drive over to 136 South Jackson street, the home of Mrs. William Thomson, where Mr. and Mrs. Guittard surprised all of these willing French Relief workers with a delightful five-course luncheon. The table was centered with Cecil Bruner roses, rose petals were scattered over the cloth and places were marked for the following with corsage bouquets of Cecil Bruner roses: Mrs. William Ramsay, Mrs. E. D. Yard, Mrs. A. A. Barton, Mrs. M. S. Andrew, Mrs. Jackson, Mrs. Phillips, Miss Daniels, Mrs. J. H. Rowe, Mrs. M. A. Begg, Mrs. Ida Harris and the hostess, Mrs. C. B. Guittard.

Mrs. A. S. Chase and Mrs. Hartley Shaw, owing to other war work, were unable to attend the luncheon.

ATTENDS CONVENTION

Mrs. Blake Franklin, who was one of the delegates from the Glendale Congregational Church to the Thirty-Second Annual Convention of the Southern California Congregational Conference, held this week in the Congregational church of Pasadena, reports very interesting and profitable sessions. George Adams was also a delegate from Glendale. Mrs. Franklin attended Monday and Tuesday and on the day first named was accompanied by Mrs. A. R. Chappell, Mrs. Boettler, Mrs. Bullinger, Mrs. Phillips and Mrs. Porter. Tuesday she spent the entire day in Pasadena and attended the banquet at The Teacup Inn, accompanied by Mrs. Boettler, Mrs. J. H. Franklin and Miss Rosemary Button. At the evening session the Tercentary Anniversary Drive was ably discussed by Dr. William Scudder and Dr. C. H. Patton of Boston, and their talks, Mrs. Franklin reports, were an inspiration.

DOUBLE TRAGEDY

J. A. McCOLLUM KILLS HIS DAUGHTER, THEN TAKES HIS OWN LIFE

Glendale and vicinity was inexpressibly shocked when it became known at an early hour this morning that J. A. McCollum of 115 Orange Grove avenue, Glendale, had killed his daughter Annie, a sixteen-year-old girl in the sophomore class of Union High School, and had also taken his own life. He was but 48 years of age and came to Southern California about a year ago from Fayetteville, Tenn., in the hope of benefitting the health of his wife, who is an invalid under the care of Miss Miller, a trained nurse. They went first to Long Beach, but afterwards located in Glendale.

About a month ago Mr. McCollum became very melancholy and placed all of his local financial affairs in the hands of Rev. W. E. Edmonds and M. P. Harrison of this city, with whom he had become well acquainted by reason of the fact that on coming to Glendale all the members of the family united with the Glendale Presbyterian Church. At that time he was in semi-poor health and in a very nervous condition. Since that time he has repeatedly expressed to Mr. Edmonds his dread of what was to become of himself and his daughter Annie. When assured by Rev. Edmonds that he need not worry because his financial affairs were all right and Annie was a strong girl who, if anything should happen to him, would be cared for, he would not accept these comforting promises but would continue to repeat: "Something is going to happen to me and what I am dreading is what will become of my daughter Annie."

Early this morning Annie arose and went to the room of her mother to see how she was, and then went back to bed and to sleep. The father slept on a cot in one of the living rooms. About 6:30 o'clock he got up and taking a gun went to his daughter's room where she apparently was sound asleep. Holding the muzzle of the gun to her forehead he killed her instantly. It seemed as though she died without a struggle. He then turned and went to a corner of the room in which he had been sleeping and shot himself and was found there dead, just as he fell.

Immediately Dr. A. W. Teel was called and Rev. W. E. Edmonds. Mrs. McCollum, who is an invalid under the care of Miss Miller, a trained nurse, was informed of what had happened and an ambulance was summoned to convey her to the Glendale Sanitarium, where she now is. The bodies of the father and daughter were removed to the parlors of the Jewel City Undertaking Company to await a coroner's inquest.

Chief of Police G. H. Herald and Rev. Edmonds made an examination of the effects of the dead man in the hope of finding some explanation of the cause of the deed, but found nothing which would throw light on the tragedy. Rev. Edmonds immediately telegraphed to relatives in Tennessee, who are expected to come and take charge of affairs as soon as it is possible for them to get here.

Mr. McCollum owned property in Long Beach and in Tennessee. He was well known to Bert P. Woodard, Exalted Ruler of the local Elks Lodge, who is also a Tennesseean and who declares that he was one of the finest men who ever lived. In speaking of him today he said: "Nothing was too complimentary to say of him from the standpoint of honor, integrity and sobriety, for he was a Christian gentleman in the best sense of the word. His word was considered as good as his bond and he could go to the banks at home and get any amount of money. He was a man of means and was considered a good, substantial citizen. He brooded over his own condition and that of his wife and evidently became unbalanced in mind."

Mrs. McCollum has a son, Captain Edward K. Jones, who is now in the army in France.

All who learned to know Mr. McCollum since he became a resident of Glendale esteemed him highly. His card which is on file in the office of the manager of the Glendale Red Cross Chapter bears this notation: "He is considered a good American citizen and has purchased Liberty Bonds."

Among the businesses recently incorported is the San Fernando Warehouse & Storage Co., San Fernando. Capital stock, $25,000; subscribed, $50. Directors: George H. Rogers, 1038 West Twentieth street; W. W. Reed, 1235 West Fifteenth street; J. I. Wernette, 717 West Ninth street, Glendale; L. C. Rapp, 1411 Spence street, South Pasadena, and Paul C. McAbee, 433 Hagar street, San Fernando.

RED CROSS DRIVE

FACTS WHICH EVERY CITIZEN AND CANVASSER SHOULD KNOW

Vice-Chairman Lawshe has set forth in terse phrase some facts in connection with the Red Cross War Fund Drive which he thinks every citizen and canvasser should know. For example:

The amount to be raised in the United States is one hundred million dollars.

Glendale's quota is six thousand dollars, of which sum one-fourth will be for the purchase of surgical dressings and hospital garment supplies for the work of the local chapter, three-fourths to go to the National Society for relief work in the war zone.

It is not a campaign for memberships in the Red Cross and subscriptions taken in this drive do not confer memberships. If persons solicited want to join the Red Cross, they should call on the cashier, Mrs. Blackburn, at Red Cross headquarters.

All canvassing the first four days, Monday, Tuesday, Wednesday and Thursday, will be from cards furnished by the committee. No team or team member is authorized during these four days to solicit a person whose card is not in his hands. There is to be no unauthorized canvassing the first four days. The possession of the card of a person is the evidence of authority to solicit that person.

Beginning Friday morning, May 24th, general or promiscuous soliciting will begin, but under direction of team captains.

Every team member will report to his captain every day, and each captain will in turn report to headquarters each day. The results of the team work and of the day's work will not be given out.

Each team worker will turn in his white cards as fast as the persons concerned are canvassed and at the time pledge cards and duplicate receipts were turned in.

It is the intention of the War Fund Committee to cover the territory by systematic, persistent effort.

The telephone will be employed generally during the closing days of the drive. A special committee will follow up cards which do not show that a contribution was made.

TRUSTEE HENRY KEEPS PROMISE

City Trustee C. H. Henry went to Bear Valley to fish the latter part of last week, and before starting on the trip he incidentally promised the editor of the Evening News a mess of trout. Of the many promises that had been made by other fishermen to Bear Valley about liberal donations of trout, none had been kept. Not so with Mr. Henry, for he kept his promise and the trout were forthcoming the first of this week, having been shipped to Glendale by express. Fish stories are all right, indeed they are exceedingly interesting, but to get a substantial taste of the actual fish is still more interesting.

HUSBANDS' NIGHT

TUESDAY AFTERNOON CLUB LADIES ENTERTAIN MEN AT ANNUAL AFFAIR

Tuesday night a large audience of Tuesday Afternoon ladies and their husbands gathered to hear the well-known lecturer, B. R. Baumgardt, speak on "The Historic Background of the Great War Brought Down to Date." "Husband's Night" has become an annual custom of the club and is always thoroughly enjoyed.

A short business meeting was held before the program.

Mrs. Clotworthy, president of the nominating board, reported the following names on the new ticket of officers:

President, Mrs. Ramsay.

First Vice-President, Mrs. E. D. Yard.

Second Vice-President, Mrs. Freeman Kelley.

Recording Secretary, Mrs. Harry Duffield.

Corresponding Secretary, Mrs. Andrew Findlay.

Directors: Mrs. Norton, Mrs. Sinclair, Mrs. Pack.

Announcement was made of the concert to be given on May 20th for the British Ambulance Society.

Mrs. Stephen Packer spoke on Smileage books and it was decided that forty should be purchased by the club.

Mrs. A. B. Rosencranz of Chicago thrilled the audience by her beautiful singing of the "Marseillaise" and

GLENDALE, CALIFORNIA, WEDNESDAY, MAY 15, 1918

IN DANGER ZONE

(Continued from Page 1)

on. We were kept busy watching our guns bombard Boche aeroplanes. Two of our airplanes sneaked up on a German sausage balloon behind the clouds yesterday. You ought to have seen them haul that old balloon down. Gee! I'll bet they made more speed than they ever made before in their lives. As soon as our planes crossed the lines the German guns opened up on them. That didn't bother them much though they sailed around for a while and then came back. Coming home last night we had quite a scare. We heard a boom and then the whistle of a shell. It came screaming over our heads and landed alongside the road about two hundred yards in front of us. It had us going for a minute, but we soon saw that they didn't mean it for us. A French automobile came down the road about sixty miles an hour. Just as he turned a curve another shell came over and hit right behind him. Gee! that boy sure traveled. I never saw one of the "Frogs" travel so fast in my life before. We decided not to follow the road but to cross the field so as to keep out of sight of the Boche sausage which was causing all the mischief. We hadn't gone more than a few hundred yards when two American soldiers came along on horseback. Then Whee-e-e-e-e-o-w Bang! and a shell landed right by the road and threw dirt all over them. Then it was their turn to run. About five minutes later a wagon came along and a working party right behind the wagon. We were up on the side of a hill and had a good view of the road. We stopped and waited for the next shell to come over. Sure enough just as soon as the wagon got in sight of the balloon another shell came whistling over and landed in the field right by the wagon. Say, you ought to have seen that working party scatter. They ran in every direction. The party proved to be from our own company. Gee! we sure kidded that bunch when they came in about running. They have started shelling the road again. I can hear the shells breaking now. The place is only about half a mile from where we are billeted.

I am not working today. Am going out tonight to finish our job. They wouldn't let us finish today because they thought it was a little bit too dangerous.

Say, tell the folks this letter will have to do for them this week too, because I'm having an awful time trying to catch up with my letter writing.

Our guns have been banging away at Boche aeroplanes all morning. It's only about nine o'clock now and they have chased back a half dozen machines already.

Well, haven't much else to say, so will close for this time.

Love for everybody,

HUGH.

P. S.—Have an honest to goodness American lady at the Y. M. now. Sure seems great to hear a woman talk English again.

VOLUNTEER SPEAKERS WANTED

Arrangements are being perfected to have some interesting Red Cross speeches in various parts of Glendale during next week when the great Second Red Cross War Fund drive is on. It is planned to secure volunteer speakers to address every gathering, social or religious, from May 19 to 27 inclusive. Already special letters have been sent by the Campaign Manager to every clergyman in the city and they have been invited to make next Sunday "Red Cross Sunday," and to fit the topic of their sermons accordingly.

Dr. Henry R. Harrower, who has been chosen as Chairman of the Speakers Committee, is already in communication with authorities outside with a view to getting special oratorical and patriotic assistance; and it is hoped that several returned soldiers and others may come to Glendale to help raise our enthusiasm to white heat during this drive.

There are gatherings which usually occur in the weekly routine. The church meetings have been arranged for, but volunteers are needed for the shows at the Palace Grand, the noonday luncheons planned by a committee headed by Mr. Hunchberger, and at the usual meetings of P.-T. A.'s, clubs, lodges, and other gatherings.

Convenient mental ammunition is on hand and will be supplied by Doctor Harrower, who is desirous of securing 25 or 30 persons to assist in this phase of the work. Please offer your services, preferably in writing, but otherwise by telephone. (Glendale 43 or Red 113.)

MRS. POTTER HOSTESS

Mrs. Pierre V. Potter of 1541 Pioneer drive was hostess Tuesday evening at a delightful party when she entertained the members of the Executive Board of the Parent-Teachers' Association of the Columbus avenue school as well as the teachers of the school.

Decorations of wild flowers beautifully arranged were unique and formed a charming setting for such a gathering. The evening was spent in Five Hundred, guessing games and music. The hostess served dainty and appetizing refreshments.

HUSBANDS' NIGHT

(Continued from Page One)

"Uncle Sam Has His Arms Around the World."

Miss Emily Squire made a most moving appeal on behalf of the Red Star work, speaking of the heroic work done by the dogs and horses in the war.

Mrs. Frank Arnold, curator of the music section, in a few well-chosen words spoke of the recent Cranford Musical and called Mrs. Freeman Kelley to the front. Mrs. Kelley presented a most beautifully arranged basket containing one hundred and thirty dollars tied in bunches of crisp bank notes intertwined with foliage, to Mrs. Blackburn on behalf of the Red Cross. Mrs. Blackburn responded appropriately and in turn handed the basket to Mrs. Tufts, chairman of the Surgical Dressings Department.

Then followed the lecture by Mr. Baumgardt, which was followed most intently and was a splendid psychological presentation of the war situation.

The audience sang the "Star-Spangled Banner" under the leadership of Mrs. Rosencranz at the conclusion of the evening's program.

A CITY CHARTER

(Continued from Page One)

ters provide for the largest legislative powers of the electorate under the initiative, referendum and recall, which give voters absolute power over legislation and also over officials.

"A second feature is the "short ballot." Powers are usually concentrated in the hands of a city council of five, elected at large with possibly two or three elective offices in addition, all of the other officials being subject to direct appointment by the city council or by the heads of departments who have been appointed by the council. The tendency is to have the larger proportion of city employes selected under civil service rules.

"Another point is direct responsibility for city administration placed either upon the city manager, who reports direct to the city council, or the commissioners, who handle their respective departments, as provided in the commission form of government, which makes provision that members of the city council may be assigned to the active management of the city administrative departments.

"If we can plan to retain in a charter the best we now have together with what might be gained by a study of the most modern city charters, no doubt the Glendale municipal organization would be better fitted to handle the work of the city of Greater Glendale than it is at the present time."

RED CROSS CONCERT

Plans for the concert to be given Monday at the High School auditorium are going forward splendidly. Though this entertainment was originally planned for the British Ambulance Society, the fact that the date came on the first night of the big Red Cross drive led those in charge of the concert to make it a joint benefit for the Red Cross and British Ambulance Society and give half the proceeds to the Red Cross as a special donation.

The hearty co-operation of the members of both societies and the public in making the concert a success is earnestly desired. A special Red Cross speaker is being secured by Dr. Harrower and at the close of the brief address there will be a Red Cross tableau presented under the direction of J. H. Mellish. Other special features have been planned and it is planned by those in charge to make the concert a big initial boost for the Red Cross drive.

The program will be fine all through. One or two additions have been made, notably a clever solo whistler, Miss Mary Louise Hand.

The spirit of patriotism, both national and international, co-operating for the country's good, will make this a red letter event.

PRODUCE YOUR OWN SUGAR AND SIRUP

To the Evening News:

For the benefit of many persons who are interested in the home production of sirup and sugar in order to release a part of the amount they would normally use for our soldiers and allies, the following directions are given.

Any family even on a city lot can produce a fair quantity and quality of brown sugar or sirup. Since sugar beets are over 25 per cent sugar, a surprisingly large amount can be produced from a small area. One bushel, 40 beets, will give over a gallon of sirup. Obtain genuine sugar beet seed. They are good for every purpose, making sugar, stock feed and are superior for table use. Drill seed in rows 20 inches apart and cover an inch in depth. Thin plants to about 8 or 10 inches apart.

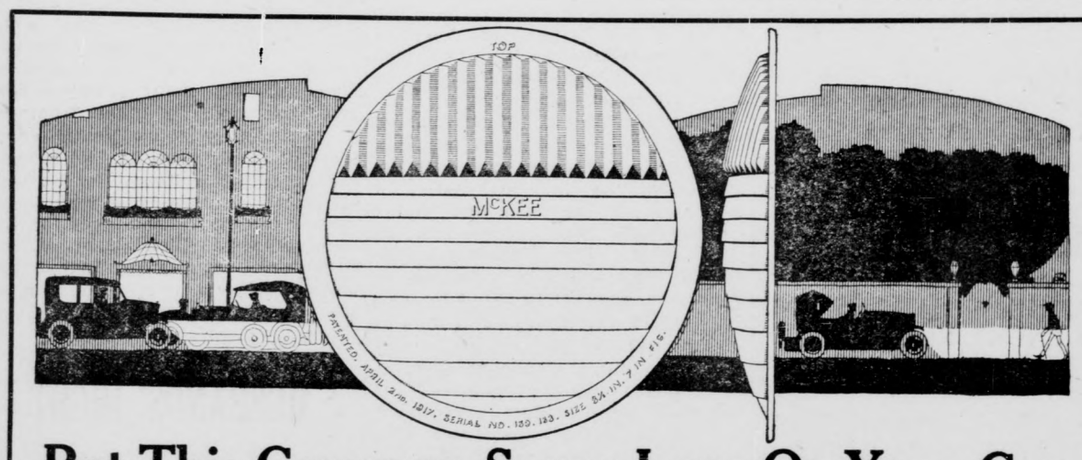
To make the sirup, get a barrel and on top of it lay the slicer. After washing the beets thoroughly, slice them as thin as possible. A slicer costs almost nothing and enables one to do the work in a very short time. Now barely cover the beets with boiling water. The amount required for a bushel of beets (two bushels of slices) will be about 10 gallons. The water when poured over the beets will cool down to about 158 to 176 degrees F, which is the correct temperature. Cover the barrel with several thicknesses of canvas to hold the heat. An old carpet over all will help. Let stand about 60 minutes, agitating the water occasionally without uncovering the barrel. Draw off the liquid and strain through several thicknesses of cheese cloth.

Slowly evaporate to the desired thickness in any large kettle, being careful the sirup does not burn. In order to hasten evaporation it is better to use wide shallow vessels, giving a large evaporating surface. Carefully remove all scum formed.

The boiling hot sirup must be canned or bottled to keep it from spoiling. Or it can be boiled down until sugar begins to form and any sirup that does not crystallize can be poured off and the sugar dried. The sirup and the sugar made in this way will be dark in color, but the flavor will be excellent providing the skimming of the boiling juice is thorough.

It is not too late to plant beets for home sugar making, but those intending to do so should plant at once.

C. E. HOUDYSHEL.



Put This Common-Sense Lens On Your Car

It is legal. The laws of every state in which it has been tested, approve the McKee Standard Lens.

It is a safe lens to ride behind. It lights the road for 600 feet ahead so that obstructions and irregularities can be seen in time to avoid them. It gives a 300 foot side-light so bright that the edges of the road and the banks show clearly. The driver can tell *exactly* how much clearance to give passing cars. When approaching crossroads, this safe side-light warns you in time so that you can pass or turn safely.

It is efficient. Tests prove that, when compared with plain window-glass lens, it increases the useful light 63%. The vertical prisms stop practically all of the light usually wasted and reflect it back to the parabolic mirror. From here it is sent through the horizontal prisms *down* to the road, where it is needed.

It needs no dimmers. The full power of the light goes through the crystal-clear glass of the McKee Standard Lens and out on the road, *below* the 42-inch dead-line prescribed by law. Dimming, as well as diffusion of light, is a make-shift and often dangerous—especially on strange roads. Use the McKee and be safe.

It is distinctive in appearance. The clear glass, smoothly finished, with the neat prisms, approximates a cut-glass effect that adds class to any car.

If your dealer cannot supply you, send price, size of lens and model of car direct to us.

Personals

Mrs. George W. Emerson and her daughter, Miss Irene Muller, are moving today from 826 South Columbus to 437 South Pacific avenue.

Mrs. Hartley Shaw, Chairman of the Red Cross War Fund Drive in the Tropico District, states that an honor roll of those who contribute will be published from time to time during the drive, although the amounts contributed will not be given.

President and Mrs. A. Rosenberger of Whittier College were dinner guests on Sunday of Mr. and Mrs. Arthur C. Brown of 1301 Milford street, this city. President Rosenberger is a relative of Mr. Brown, who drove his guests back to Whittier the same night in his automobile.

Mrs. Lawrence Ellis and her little son have returned from a trip to the beach and from visits with relatives in Los Angeles. She has been taking a little vacation from work in connection with the Hospital Garments Section of the Red Cross, of which she is chairman, but is returning to it this week.

Members of the Dorcas Society of the Adventist Church of Glendale are busy today (Wednesday) in the Hospital Garments Department at the workroom of the Glendale Red Cross Chapter on Brand boulevard. The handsome quilt which this organization donated recently found a ready sale at the Red Cross Shop.

The Salvage Department of the Junior Red Cross reports with joy that John Todd has made arrangements to again transport paper collected to the Los Angeles concerns which are purchasing it and to make collections for the department, which is very satisfactory to the Department.

Alfred F. Priest, 615 Fay building, residing at 1422 North Central avenue, this city, is preparing plans for a two-story, 9-room Colonial residence to be erected at Oxnard for Richard Pidduck. It will have concrete foundation, rustic siding, shingle roof, plate and leaded glass, brick chimney, tile fireplace, two bathrooms, hardwood and pine interior finish, oak floors, solar water heater, electric wiring.

The Woman's Missionary Society of the First Congregational Church will hold its monthly meeting Thursday at 2 p. m. in the church. An attractive program has been prepared and Mrs. G. Roach and Mrs. Calvin Whiting will sing. All the ladies of the congregation are urged to be present as a matter of loyalty to the president of the organization, who is now recuperating from a serious illness at the home of her daughter in Los Angeles.

Mrs. Pearl Keller returned last week from the Bay Cities, where she was the guest for a week of Mrs. Kahler and her little pupils, Merna and Merle Kahler. The Kahler children are on the boards at Pantages Theatre this week, their engagement here to end Saturday with a special children's matinee with a reception afterwards to the little girls and boys who want to greet them before they leave to continue their travels in finishing the circuit. It will be a real reception with refreshments, Mr. Pantages says, and no doubt Glendale children will attend.

Miss Ellen Churchill and Miss Minnie Moulton of Blanche avenue, who rendered such great service in collecting books for the camp libraries, have established a reputation for that kind of patriotism and are now over their ears in work of a similar nature for the French relief ship. For some time they have been conveying donations to headquarters where big stores are accumulating of food and clothing. It is an interesting work which makes a big appeal and which may be continued after the cargo for this particular ship has been completed and its prow pointed for the shores of fair, brave France. Such at least is the proposition now under consideration, Miss Churchill reports.

FOR FRENCH RELIEF

WORK OF GLENDALE UNION HIGH SCHOOL GIRLS WINS COMMENDATION

The French Relief ship which lies at anchor in Los Angeles harbor has fired the imagination of the Southland. It is a treasure ship in its way because it is gathering a cargo of food, clothing and money for the destitute, suffering civilians in the French war zone. Everywhere men and women are at work collecting supplies to fill its hold and at headquarters in Los Angeles another small army of workers is assembled to sort the contributions and pack them.

L. T. Rowley of 222 Belmont street, this city, went to Los Angeles yesterday with the contributions of the Glendale Branch of the British Ambulance Society, which made a very nice shipment, amounting to many dozens of articles of wearing apparel. The members of the committee in charge expressed themselves as much pleased with the quality of the garments and the way in which the work was done. Mr. Rowley found there was quite a scarcity of the help needed to rehandle and repack the goods, and so remained and tendered his services for the day, which were gratefully accepted.

Soon after he enlisted on the working force a large truckload brought by Robinson Brothers Transfer Company arrived with packing cases filled with donations collected by the French Relief Committee of the Tuesday Afternoon Club under the chairmanship of Mrs. C. B. Guittard, which had been packed at the Chamber of Commerce in this city. It was a very nice shipment and one of the largest received during the day. Exclamations were made when one of the boxes was opened and members of the committee gathered around to inspect and admire, for it was the contribution of the sewing classes of Glendale Union High and included dozens of beautifully made layettes. One of the ladies declared that nothing corresponding with it had been received at headquarters, and when an effort was made to find something to add to it from other stores in order to fill up the box, the search was finally abandoned because nothing fit to go into it could be found. Mr. Rowley was asked to express the appreciation of the committee of the beautiful work done by the school, which not only ineluded needlework but beautifully knitted bootees and other articles.

The committee also expressed itself as much pleased with all the shipments it had received from Glendale on account of the quality of the garments. In some communities there has been considerable misdirected effort, it was said, because of inferior materials used. The work from this part of the valley has been very satisfactory.

Mr. Rowley is working at the headquarters on Hill street and says there is great need of help there to sort and pack and volunteers will be very welcome.

The following report has been submitted by Mrs. C. B. Guittard of the shipment made by her committee.

French Relief Appreciation

Just imagine how happy you would be if you lived "over there" and knew a large relief ship was coming with food and clothing to aid your distress.

All Glendale hearts have been with me in this work. With all the slogan has been, "Not a charity, but a privilege and a duty."

I want to thank every one for doing their bit, especially the enthusiastic school children who, through the efforts of Mr. Richardson White, filled boxes to overflowing with food.

The High School sewing class sent through Mrs. Hartley Shaw a hamper filled with clothing.

In fact, each school was represented by a generous collection.

In addition to the food collected by the Pacific avenue school, there was also sent in $1.10.

The Columbus avenue school was especially well represented.

A gentleman left $1.25 at the Chamber of Commerce without giving his name. The total cash collected amounted to $7.10.

Robinson Bros. truck delivered Tuesday afternoon to the Los Angeles French Relief Headquarters, 224 South Hill street: 2 packing boxes filled with coffee, 3 packing boxes filled with cocoa, 6 packing boxes filled with condensed milk, 1 box of tea, 1 huge box of clothes, 1 box of miscellaneous canned goods, several large sacks of rice, several large sacks of beans, a large quantity of dried fruit, several sacks of flour, nineteen sacks in all.

MRS. C. B. GUITTARD,
Chairman.

PUPILS' RECITAL

The pupils of Mrs. Vivian R. Webb will give a musical program at the studio of Mrs. Webb, 1107 West Seventh street, Saturday evening, May 18, at 8 o'clock. The following numbers have been arranged:

Duet, A May Morning (Schmidt)—Janes Nicoles, Laura Moyse.

Good Night, Mamma (Ellsworth)—Laura Moyse.

Melody in F (simplified) (Rubinstein), Pitter Patter Go the Raindrops (Ellsworth)—Jane Nicoles.

The Mill Wheel (Lynes)—Benjamin McLouth.

March (Lynes), The Mill Wheel (Lynes)—Genevieve Burr.

Duet, Immortelles (Spindler)—Charles and Genevieve Burr.

Violin Solo, Gavotte (Gossec)—Marcella Webb.

ORDINANCE NO. 332

AN ORDINANCE OF THE CITY OF GLENDALE DECLARING THE INTENTION OF THE BOARD OF TRUSTEES OF SAID CITY TO CALL AN ELECTION IN THAT PART OF THE CITY OF GLENDALE CONTAINED WITHIN THE BOUNDARIES OF A PROPOSED MUNICIPAL IMPROVEMENT DISTRICT, TO BE KNOWN AS "MUNICIPAL IMPROVEMENT DISTRICT NO. 2, OF THE CITY OF GLENDALE," FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF AUTHORIZING THE ISSUANCE AND SALE OF BONDS OF SUCH DISTRICT.

Whereas, a petition was filed in the office of the City Clerk of the City of Glendale on the 4th day of April, 1918, requesting that proceedings be taken in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to Provide for the Formation of Districts within Municipalities, for the Acquisition or Construction of Public Improvements, Works and Public Utilities therein for the Issuance, Sale, and Payment of Bonds of such District to meet the Cost of such Improvements, and for the Acquisition or Construction of such Improvements," approved April 20th, 1915, for the purpose of acquiring and constructing works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains and lines and other works necessary for such purposes, and,

Whereas, it appears and is hereby found that said petition is signed by not less than ten (10) per cent of the qualified electors residing in the territory which is proposed to be formed into the said Municipal Improvement District, and,

Whereas, the public interest and necessity require that proceedings be taken as requested in said petition;

Now Therefore, the Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That it is the intention of the Board of Trustees of the City of Glendale to call an election in that certain proposed Municipal Improvement District having boundaries as hereinafter described, or as may be changed in the manner provided in the aforesaid Act, for the purpose of submitting to the qualified electors of said District the proposition of authorizing the issuance and sale of bonds of such district in the manner prescribed in said Act, approved April 20th, 1915, for the purpose of acquiring and constructing works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains, and lines and other works necessary for such purposes.

SECTION 2. That the exterior boundaries of the proposed Municipal Improvement District to be known as Municipal Improvement District No. 2, of the City of Glendale, are bounded and described as follows, to-wit:

Beginning at the northwest corner of Lot 45 of Watts' Subdivision of a part of the Rancho San Rafael, as per map recorded in Book 5, pages 200-201 of Miscellaneous Records of Los Angeles County, California, said corner being situated upon the south line of that certain 97.2 acre tract of land allotted to Julio Verdugo, as shown on the map filed in District Court case No. 1621 of aforesaid Los Angeles County; thence westerly along the south line of said 97.20 acre tract of land to the southwest corner thereof; thence northerly along the westerly line of said 97.20 acre tract of land to the southeast corner of Lot 1 of the "Subdivision of Lot 34 of Watts' Subdivision of a part of the Rancho San Rafael," as per map recorded in Book 36, Page 4, Miscellaneous Records of aforesaid Los Angeles County; thence westerly along the southerly lines of Lots 1, 2, and 3 of said subdivision, to the southwest corner of said Lot 3; thence southerly along the westerly line of said Subdivision to a point midway between the center lines of Ninth Street and Acacia Avenue (formerly Tenth Street); thence westerly along a line midway between the center lines of said Ninth Street and Acacia Avenue to the easterly line of "E. S. Butterfield's Subdivision," as per map of same recorded in Book 18, page 29, Miscellaneous Records of aforesaid Los Angeles County; thence along the easterly line of last mentioned Subdivision to the southerly line of Lot 9 of said "E. S. Butterfield's Subdivision," produced easterly; thence along the production of, and along the southerly line of said Lot 9, and along the southerly line of Lot 10 of said Subdivision and its production westerly, to the westerly line of Glendale Avenue; thence along the westerly line of Glendale Avenue to a point midway between the north and south lines of Lot 30 of "Watts' Subdivision of a part of the Rancho San Rafael as afore-referred to; thence westerly along a line drawn midway between the north and south lines of Lots 30 and 29 of said Watts' Subdivision, and the production westerly of said line, to the center line of Central Avenue; thence northerly along said center line of Central Avenue to its intersection with the northerly line of the aforementioned subdivision; thence westerly along said north line of Watts' Subdivision to the southwest corner of Lot 20 of J. W. Imler's Replat, as per map recorded in Book 10, page 35 of Maps, records of Los Angeles County; thence westerly to the southeast corner of Lot 47 of Riverdale Heights, as per map recorded in Book 4, page 1 of Maps, records of Los Angeles County; thence westerly along the south line of said Lot 47 to the southwest corner thereof; thence northerly along the west line of said lot to the northwest corner thereof; thence westerly along the north line of Lots 49, 51, 53, and 55 of said Riverdale Heights and the westerly prolongation thereof to its intersection with the easterly boundary line of the territory annexed to the city of Los Angeles by the election of February 18, 1910; thence southeasterly along said easterly boundary line of the City of Los Angeles, following the various courses and curves thereof to a point where said easterly boundary line is intersected by the southwesterly prolongation of the southeasterly line of Block F of the Santa Eulalia Tract, Sheet No. 1, as per map recorded in Book 16, pages 78 and 79 of Maps, Records of Los Angeles County; thence northeasterly along said southwesterly prolonged line to the most southerly corner of said Block F; thence northeasterly along the southeasterly line of said Block F and the northeasterly prolongation of said southeasterly line of said Block F of the Santa Eulalia Tract, Sheet No. 1, to a point situated 183 feet northeasterly, measured at right angles from the center line of San Fernando Road as said center line is shown on County Surveyor's Map No. 7268 of said road on file in the office of the County Surveyor of said Los Angeles County; thence northwesterly parallel with said center line of San Fernando Road to the easterly line of Glendale Avenue as shown on Santa Eulalia Tract, Sheet No. 1, aforesaid; thence north 15 degrees, 33 minutes, 15 seconds east parallel with the east line of Lot D of said Tract and distant therefrom 66 feet to the southerly line of Watts' Subdivision of a part of the Rancho San Rafael as aforementioned; thence easterly along said southerly line of Watts' Subdivision to the southwest corner of aforementioned Lot 45 of Watts' Subdivision; thence northerly following the various courses of the westerly boundary of said Lot 45 to the northwest corner thereof, being the point of beginning. The same being all that territory included within the city boundary lines of the former City of Tropico as incorporated on March 7, 1911;

That the proposed improvement in said District is the acquisition and construction of works for distributing and supplying electricity to the inhabitants of such district for lighting, heating, power and all other useful purposes, including the acquisition of lands, easements, rights of way, structures, poles, pipes, pipe lines, conduits, wires, fixtures, transformers, meters, services, apparatus, and all other property, and the construction of mains and lines and other works necessary for such purposes; that the estimated cost of said proposed improvement is Forty-three Thousand Six Hundred Dollars ($43,600), and the estimated amount of the incidental expenses in connection with said improvement is Four Hundred Dollars ($400).

That on the 4th day of June, 1918, an election will be called in said District for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of such district to pay the cost and expenses of said proposed improvements;

That a map showing the exterior boundaries of said District with relation to the territory immediately contiguous thereto, and a general description of the proposed improvement are on file in the office of the City Clerk of the City of Glendale;

That the 23rd day of May, 1918, at eight o'clock p. m. in the Council Chamber at the City Hall, in the City of Glendale (that being the place where the regular meetings of the Board of Trustees of the City of Glendale are held), is hereby fixed as the date, hour, and place for the hearing of protests which shall be in writing, and filed with the Clerk of said Board of Trustees at or before said time of hearing, as provided for by said Act, approved April 20th, 1915.

SECTION 3. The City Clerk shall certify the passage of this ordinance by a unanimous vote of the Board of Trustees of said City, and cause the same to be published once a day for six days in the Glendale Evening News, a daily newspaper, printed, published and circulated in the City of Glendale and in said District.

G. B. WOODBERRY,
Chairman of the Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk, City of Glendale.

State of California,)
County of Los Angeles,)ss.
City of Glendale.)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees is five (5), and that the foregoing ordinance was passed and adopted by a unanimous vote of the said Board of Trustees and approved by the president of said Board at a regular meeting thereof held on the 9th day of May, 1918.

In Witness Whereof, I have hereunto set my hand and official seal of the City of Glendale this, the 9th day of May, 1918.

J. C. SHERER,
City Clerk, City of Glendale.

COMMENCEMENT ISSUE

(Continued from Page 1)

Beach urged the use of the largest auditorium possible because commencement is an epoch in the lives of graduates which they wish to share with all their friends.

Mr. Frentz advocated the use of the Palace Grand Theatre.

O. A. Lane, on being informed that the Palace Grand has a seating capacity of 999 and that the Methodist church will accommodate 1300 to 1400, moved "that it is the sense oe this meeting that the graduating exercises be held in the Methodist church in this city." The motion was seconded by Rev. Wright. Before the motion was put, Father James O'Neill spoke to the question. He called attention to his ten years' residence in Glendale and his friendly relations with all its peopie and said:

"I know we are a hopeless minority, a despised minority, but we are citizens. I am a native son of the United States and know no other flag. The chairman of the Board said last Thursday, 'we are not living in Prussia,' and I thank the members of this Board for their courtesy. We are not threatening. We are asking our rights. Mark Keppel has stated in his letter on file that he takes it for granted the Board will not hold the commencement exercises in any place dedicated to religious worship by any religious organization, and Mark Keppel has the reputation of being an authority on school law. We take our stand under Old Glory. We are not living in Prussia. That flag flies for liberty and justice to all. Twenty-one of our boys are fighting for Old Glory and another goes tomorrow."

He then referred to a similar case involving the public school at Whittier, Cal., in which he said the judge ruled that the law had been violated and the salaries of teachers should be forfeited, but the objectors or "protestants" intervened on behalf of the teachers. In conclusion he said:

"All we ask is that the faculty of Union High School shall obey the law. That is my message to you tonight."

Rev. W. E. Edmonds then said:

"I think Father O'Neill does an injustice to Glendale. No one thinks of him or his church as being "a despised little church," no one questions his loyalty to Old Glory, no one would say anything against the young men who have gone from his church to fight under the colors. It is taken for granted that a man stands up for Old Glory. The first thing I heard when I came to Glendale was: 'You'll find Father O'Neill a splendid, fine man.' We are friends and neighbors here; our children are going to the same schools. I have five children in the schools. Personally, I am exceedingly pleased to see so many people here interested in the schools. I came here not intending to say anything, but when I heard this decision rendered by our county authority I said: 'As far as I am concerned, that settles it.' If the largest auditorium available had happened to be a Catholic church, I would say: 'Go there.' There is no other building here that would accommodate all who will wish to go and I feel that we ought to stand upon the decision of the majority. I have absolute confidence in our Board of Trustees, and it is my principle to support public officers."

A vote merely as an expression of the meeting was taken on Mr. Lane's motion to hold the exercises in the Methodist church, which was carried.

Similar votes were taken on proposals to hold the exercises in the Palace Grand Theatre, to hold them in the open air, or to hold them in the school auditorium, all of which were defeated.

Others who spoke were Mr. Lane, favoring the church.

Mrs. Rudel, opposing the church and favoring graduation in the open air.

Mr. Brooks, pleading for Christian harmony.

Margaret Lusby, favoring the church.

Six new authorized United States battleships are designed to be of 41,500 tons, the largest battleships in the world.

Think what the spectacle of cheerful giving means to the enemy.

War Fund Drive of the Glendale Chapter of the American Red Cross, May 20th to 27th, 1918.

What Has Your Red Cross Money Done?

IN the first place, it has enabled the American people, through the Red Cross, to help care for its army and navy.

Secondly, it has enabled America to hearten her Allies' fighting forces and to keep up, among the civilian populations, the spirit to win the war. That, alone, has made the American Red Cross one of the largest factors since our entry into the war.

Canteens which provided food and hot drinks—more than a million meals to soldiers in December; warehouses, crammed with materials, situated all along the French line, all along the Italian lines, at seaports and at places where our soldiers are going to fight; institutions for the care of consumptives, institutions for the re-education of maimed men—these are a few of the concrete accomplishments abroad.

At home—the millions of woolen sweaters, mufflers, socks and other comforts for the men in camps; the work of sanitation around cantonments and the help and advice given dependents of soldiers and sailors—these are things which will "make you, your children and your children's children, in whatever part of the world they may be, proud of being Americans."

Will you do your share to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War-torn allied country.

It plans to help the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth-running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.
